

Friday 24th May 2024

Have a lovely half term break!

Our School Value focus is: **LOVE**

We are back on
Tuesday 4th June!

D-Day commemoration community event

The 80th anniversary of D-Day will be celebrated in Waddesdon in June. The Methodist chapel is hosting an exhibition and open day on Thursday 6th June 10:30am-4:30pm and Saturday 8th June 10:30am-3:00pm.

Refreshments will be served and there will be activities for children.

Sports Day

A reminder that Sports Day is booked for the afternoon of Tuesday 11th June.

BIRCH

In Science this week the children have been investigating seeds by cutting up fruits.

Does the size of the fruit affect the size/number of seeds?

PRAYER SQUARE

Dear God

We know that we cannot fully understand how great and wonderful you really are. But we thank you for revealing yourself to us as Father, Son and Holy Spirit even though you are still one. Help us to learn more about you and the great love you have for each one of us.

We ask this in the name of the Father, the Son and the Holy Spirit

AMEN

Half Term Fun!

Stuck for things to do with the children next week? Why not click on the links below to discover a range of activities across the area.

Collective Worship

Rev Caroline took on the formidable challenge of explaining the Holy Trinity to us this week, as Trinity Sunday is marked on 26th May. Her explanation involved eggs! Why not ask your child to tell you more? We agreed that the Holy Trinity is indeed a mysterious concept, one that can only be believed through faith, not understanding. There is a special Trinity Sunday service at St Michael and All Angels, Waddesdon, this Sunday at 11:00am.

LIME

Lime received a letter from Little Red Riding Hood with instructions about how to make the fairy cakes that she had in her basket for Granny. So, we have made some to sell after our assembly tomorrow to help raise funds for the charity Young Minds.

We have also enjoyed learning the song 'Let's Make Cakes For Grandma' that we will be performing in our class assembly.

Supporting Children to Cope with Change

This poster from Young Minds, below, has tips for parents on how to support children with transition between schools. It can also be used to help children deal with many types of change they may encounter.

OAK

During this half term, the children in Oak have been learning about inventions during the Industrial Revolution. They have been quite creative in designing and making replicas of various inventions. In addition, they have also created their own circuits by using wires, batteries, motors, and various other components in their creation. Well done, Oak!

'Most important of all, continue to show deep love for each other, for love makes up for many of your faults.' 1 Peter 4 v 8
